Interment With Military Honors at National Cemetery This Morning.

The body of Rear Admiral Lucien Young, U. S. N., was laid to rest in Arlington this morning with the military honors due his rank, Rev. Father O'Hern of the Catholic University pronounced the last rites. A firing party of soldiers fired the volley over the grave.

Admiral Young's body arrived from New York at Union station at 7 o'clock. It was met by the pallbearers, Rear Admirals Howard, Mason and Beatty and Capts. Winterhalter, Fechteler and Boush. The casket was placed upon a caisson covered with the union jack and the admiral's flag, and at 9:30 o'clock started on the last journey to the national ceme-

Artillery as Escort.

Four companies of coast artillery formed the escort. The family and pallbearers rode in carriages. Bodybearers, sailors from the navy yard, walked be-

The route was down H street to Pennsylvania avenue, and then to Aqueduct bridge and on to Arlington. The Marine Band and the Engineer Band played the march dirges en route. Dr. John F. Young, a brother of the deceased naval officer, his wife and several other members of the family from Louis-

ille, Ky., attended the obsequies in Washington, coming from New York. Funeral Services in Brooklyn.

Funeral services for Admiral Young Wahlen of Paris, was tried in were held yesterday at the Naval Hospiconnection with the treatment of twelve tal, Brooklyn. Father J. P. Chadwick, patients after the preparation had been formerly chaplain of the Maine, repretested by the public health and marine senting Cardinal Farley, and Rev. Eugene E. McDonald officiated. There was satisfactory that the method was aban- a guard of honor, made up of one company of marines from the New York navy yard and a company of bluejackets from reated with turpozone, a vapor formed the North Dakota.

The body was then taken to the Penny a combination of turpentine and ozone. The results obtained were indifferent, four sylvania station in Manhattan and forof the cases remaining unchanged, while warded to Washington.

there were admitted over twenty cases in the incipient stage. Of the number four left the institution cured, three un-improved with the disease arrested, eight in improved condition, while one died

Hundred Physicians Promise to Make Wills to Further Autopsies.

NEW YORK, October 7 .- With the purpose of extending the study of disease and to eliminate the baneful treatment of incompetent physicians, 200 members of the Associated Physicians of Long Island yesterday went on record as pledgtwenty of the number died. There were ing their bodies to science to be used for autopsies for special investigation. This action was taken at a meeting on Hoffman Island following an energetic campaign of pathologists in the association who foresee a great boon to humanity in the education of the general public to

Although the law specifies that, to the nearest of kin belongs the refusal of an autopsy, the physicians practically will make wills stating that it is their last wish that their fellow-physicians have the privilege of making such surgical ex-\$522.33 remained at the close of the last amination as they see fit. Efforts were made last spring to bring about a more thorough understanding of

the good of autopsies, that this country might advance in medical knowledge with the same rapidity as Germany and other countries of Europe, which for years have had a law that gives to the institutions the right to perform autopsies on all per-

Foreign physicians pursuing a line of diseases have been enabled to carry on their work with sufficient material. In this country physicians say they have been limited in their scope because no one may perform an autopsy without whose entire time shall be devoted to the permission of relatives. It has been found here that the public has had a morbid impression of such medical research, and has refused permission in almost every instance. It was to dissipate this view that the members of the Associated Physicians decided to begin a widespread campaign of education. They believe the sentiment against it is archaic and that any step that might result in
